

ComNet 1000 Series ATM

No Space? No Problem!

As the demand for Automated Teller Machines increase, it becomes even more important to provide user friendly equipment that will enhance any environment. This is the specific reason why Nextran has created the Comnet 1000 series ATM. Now, limited space is no longer an issue with an ATM that can fit on any countertop.

The advantages of the Comnet 1000 are not just in the area of saving floor space, but this unique design has given Comnet the reign over the compact ATM market. This PC based ATM operates on the windows software which means that as technology advances, upgrades such as prepaid wireless recharge, prepaid long distance plans, wireless transfers, check cashing and movie tickets can be added quickly and easily. A huge 2000 bill dispenser, 10.4" multimedia screen, optional touch screen capability and security camera are other features that make this ATM a cut above the rest ergonomically.

The problem with most countertop ATMs have been the issue of not having a separate safe. The Comnet 1000 has eliminated that concern by separating the vault compartment with the control unit. This in turn qualifies the Comnet 1000 by meeting vault service organizations security standards. Optional floor stand and through the wall unit is available as well, making this unique ATM suitable for any business environment. Now, all locations are qualified to provide ATM services as a result of the creative thinking of Nextran.

ComNet 1000 Series

Customer Handling Unit

- ▶ **Display:**
10.4" TFT Color display, with VGA resolution.
Resolution: 800 x 600
- ▶ **Card Reader:**
Dip type magnetic and smart card reader
(ISO 1,2,3 Read)

- ▶ **Keypad:**
16 Keys alphanumeric Keypad
PIN Encryption Device(PED) Compliant
Triple DES Compliant
10 Function Keys
- ▶ **Voice Guidance:**
Helps customer going through transaction
Multi Language Support: Max. 7 Languages
Meets ADA Standards

Receipt Print Unit

- ▶ **Printer Method**
Direct Thermal Line Printer with out and push technology
- ▶ **Paper Setting**
Semi-auto loading method.
- ▶ **Print Speed**
100mm/sec (800dots line/sec)

- ▶ **Print Characters**
English, Numeric, Line, Symbol, ASCII 86 Characters etc.
- ▶ **Paper Width**
3 1/8" (80mm)
- ▶ **Receipt capacity**
5.75(180mm) diameter(Approx. 2,000 trans.)

Cash Dispensing Unit

- ▶ **Cassette capacity**
Approx. 2,000 new bills
- ▶ **Reject Box**
Up to 50 Bills

- ▶ **Dispensing speed**
Max. 5 Bills/sec
- ▶ **Number of cassettes**
Single Cassette

Main Control Unit

- ▶ **Processor**
Pentium 3 / 1GB MHz
- ▶ **HDD/FDD**
40GB
- ▶ **Modem/LAN**
56K or above/ 10/100 Ethernet

- ▶ **RAM**
256MB or above
- ▶ **O/S**
Windows 2000
- ▶ **Journal**
Electronic Journal, can store up to 5 years of transactions

Physical

- ▶ **Security**
UL 291 Business Hour rated cabinet.
- ▶ **Combination Lock**
La Gard Combo electronic Lock
- ▶ **Weight**
Approx. 188 lbs (85kg)

- ▶ **Dimension (W x D x H)**
13.58"(W) x 24.48"(D) x 27.85"(H)
- ▶ **Power**
115 VAC(Only), 7A, 50/60Hz
- ▶ **Operating Environment**
Temperature range 50F to 100F
Relative humidity Non-condensing 20% to 80%

Remote Management Software

- ▶ **Performs Remote Diagnostics**
- ▶ **Receives & Archives Journals**

- ▶ **Graphic Images & Video clips Transfers**
- ▶ **Software Upgrades downloads**

Standard Features

- ▶ 10.4" Color TFT LCD with 800 x 600 resolution.
- ▶ La Gard Combo Electronic Lock
- ▶ High speed friction feed dispenser(5bills/sec)
- ▶ RMS Software, client version
- ▶ USB Camera
- ▶ Meet ADA guidelines

Optional Devices

- ▶ Touch Screen
- ▶ TTW kit
- ▶ Stand
- ▶ ups
